Ashenafi Debella

Software Developer

👤 Male | 📍 Ethiopia, Addis Ababa

Citizenship: Ethiopia
Junior Software Developer with skills in full-stack development and UI/UX design. I design and build easy-to-use and attractive systems using tools like Figma and frameworks like React/Next.js and Flutter. I enjoy learning new things and building projects that make a difference. I am looking for a chance to grow my skills and work on exciting projects.

Professional Experience

Junior Software Developer
Orbit Technology Solutions

Oct 2024 - Dec 2024

Developed mobile applications using Flutter, React, and Laravel to educate and empower youth with health-related information.

UI Designer
Private Client

Aug 2024 - Aug 2024 | Part-Time

Designed UI layouts and prototypes for a restaurant payment mobile app, including some marketing content to support the application's launch and promotion.

Student Intern - Front-end Developer
IE Network Solutions

May 2023 - Jul 2023

During my internship at IE Network Solutions, I worked as a front-end developer and UI designer to develop an in-house learning management system, effectively solving onboarding challenges and updating employee skills.

Educational History

Software Engineering
Debre Birhan University

Oct 2019 - Jul 2024
